

Federal Lead Standards (Effective February 22, 2022)

| | | | |
|-------------------------------|------------------------|--------------------------------------|---------------|
| 1. Paint | 1.0 mg/cm ² | or 0.5% (by weight) | |
| 2. Dust-Lead Hazard Standards | 10 ug/ft ² | floors | |
| | 100 ug/ft ² | window sills | |
| 3. Hazard Screen Dust Levels | 10 ug/ft ² | floors | |
| | 100 ug/ft ² | windows sills | |
| 4. Dust-lead Clearance Levels | 10 ug/ft ² | floors (EPA & HUD) | |
| | 40 ug/ft ² | porch floors (HUD) | |
| | 100 ug/ft ² | window sills (EPA & HUD) | |
| | 100 ug/ft ² | wells/troughs (HUD) | |
| | 400 ug/ft ² | wells/troughs (EPA) | |
| 5. Soil Lead Hazard Standards | 5,000 ppm | paving or removal criteria | |
| | 1,200 ppm | building perimeter & yard | |
| | 400 ppm | play area for children | |
| 6. Airborne Particulate | 30 ug/m ³ | Action Level (OSHA) | |
| | 50 ug/m ³ | Permissible Exp. Limit (OSHA) | |
| 7. Blood Lead Reference Value | 3.5 ug/dl | children (CDC) | |
| | Blood Action Level | 40 ug/dl | adults (OSHA) |
| | Medical Removal Level | 50 ug/dl | adults (OSHA) |
| 8. Hazardous Waste | 5 ppm | Leachable by TCLP test | |
| 9. Potable Water | 15 ppb | Safe Drinking Water Standard (USEPA) | |
| | 5 ppb | K-12 schools (NYSDOH) | |
